Project by architect Maria João Zagallo
in cooperation with KARE Portugal

Grand Plaza Nampula Hotel
Nampula, Mozambique

"We furnish many interesting properties, but furnishing the Grand Hotel with its 116 rooms and spacious presidential suite was a very special project for us. Together with the architect Maria João Zagallo we looked for elegant furniture that would reflect the stylish flair of the building and invite guests to linger. The cube-shaped velvet furniture harmonises perfectly with the copper-coloured highlights, and visitors love the cosy and glamorous atmosphere."

Wanda Delza,
